

WORK EXPERIENCE

SOFTWARE ENGINEER & FRONTEND DEVELOPER

SEP 2021 - DEC 2021

SONIA ELALJ WEBSITE - FRONTEND DEV

PROFESSIONAL PSYCHOLOGIST WEBSITE

First freelance website I made for professional purposes. During the creation of this project I learned how to apply all the knowledge I had in web development, such as CSS, HTML, Bootstrap and JS.

I also learned how to talk with the client to achieve the best possible product.

JUN 2022 - JUL 2022

3AH WEBSITE - FRONTEND DEV

MVP HAIRDRESSER'S WEBSITE

Worked on the minimum viable product for a hairdresser's website. Currently working on expanding it to an e-commerce.

“

I'm a Frontend Developer with experience in Web Designing and UI development.

I really like working in group and meeting new people who can show me new points of view to face a problem.

Really passionate for learning new technologies and keeping myself up to date.
